**Subject:** Please consider this public messaging from the DHS cybersecurity center

Good morning,

We have been asked to share out this information from the Cybersecurity Center at the Department of Homeland Security. Thanks.

Good Morning,

We received some information from our cybersecurity center at Department of Homeland Security who collected the articles below at the request of our Agency's Director following an ABC article on threat actor disinformation campaigns via SMS. <https://abcnews.go.com/Health/facing-coronavirus-pandemic-us-confronts-cyber-attacks/story?id=69653329> .

These are pervasive and sophisticated. During these times, we want to do all that we can to protect our communities, so please share this information for public awareness. In addition, if anyone wants to report Suspicious Activity in Colorado, call 1-877-509-2422 or use this website: <http://report.ciac.co.gov/>. Thank you and have a good day.

Natriece Bryant  
Deputy Executive Director  
Executive Director's Office
